Education

Truman State University

Four year degrees in Visual Communications, B.F.A and Computer Science, B.S. plus a Liberal Arts education from Truman State University.
Fall 2001 - Spring 2006

Maur Hill Preparatory School

Class salutatorian. Two years experience in journalism and one year as yearbook editor.

Fall 1998 - Spring 2001

Experience

Lullabot Consulting

I provide an extensive amount of experience theming and developing Drupal websites. While working with Lullabot I've developed sites such as [MTV UK](#), [Good Charlotte](#), and [Justin Timberlake](#); provided consulting for [Chicago Sun Times](#), [George Lucas Educational Foundation](#) and [Nickelodeon](#); and had a leading role in building of a single code base solution for hundreds of artists for [SonyBMG Music Entertainment](#). (www.lullabot.com)

Summer 2006 - Present

Open-Source Software Development

Frequent contributor to open-source projects including [Drupal Content Management System](#), [Singapore Image Gallery](#), and [tinyMCE HTML editor](#). Very familiar with team-based work and concurrent version systems for managing work.

2003 - present

220solutions / cvbTV

Building on existing software products, I collaborated with others to deliver full-featured websites and create new web-based applications using ColdFusion. Projects included work for [Summa Associates](#), [Corpus Christi CVB](#) and many other [Convention and Visitors Bureaus](#). (www.220solutions.com)

Summer 2006

Kirkville Rocks!

I wrote a complete system for submitting and managing events. The website includes an extensive back end including: event manager, image gallery, mailing lists, page editor and more. (www.kirkvillerocks.com)

Spring 2005 - Fall 2005

Truman Information Technology Services

Worked with clients on a one-on-one basis fixing technical problems such as malware removal, software errors, and system upgrades. Implemented campus-wide projects including migration of Windows computers from NT to 2000 and XP using Active Directory and development of software to deploy images using Powerquest Deploy Center and Norton Ghost.

Fall 2002 - Summer 2005

Competencies

Design Skills

Firm understanding of basic design concepts such Color Theory, Typography, Layout, and Web Usability. A tough critic and welcome frequent review on any work, artistic or otherwise.
